INFORMED CONSENT FOR
MRI WITH OR WITHOUT CONTRAST INJECTION

PATIENT NAME:_____

I, the undersigned, being either the patient named above or legally authorized representative of the patient named above, do hereby consent to the performance of medical diagnostic and imaging procedures on the terms and conditions more fully set out below. I understand that I have the right to be informed about the diagnostic imaging procedure being used so that I may make the decision whether or not to undergo the procedure.

1. Consent to Imaging Procedure: Your attending physician believes it beneficial for you to undergo a diagnostic imaging procedure known as magnetic resonance imaging (MRI) to obtain additional information that may aid in diagnosing and treating your medical condition. It has been explained to me that MRI does not use x-rays or radiation. Instead a magnetic field and radio waves are used to create an image of internal body structures. MRI is a painless procedure that only requires that you lie quietly on a padded table that gently glides you into the magnet. While the scanner is performing your scan, you will hear some humming and thumping sounds. These are normal and should not worry you. In some cases, a contrast agent may be injected into your vein in order to give a clearer image of the area being examined. The MRI study may be conducted without the injection of contrast, but the images may not be as helpful to the radiologist and your physician. Inform the technologist if you wish to refuse the contrast injection.

2. Because of the magnetic field and radio frequencies, people with a heart pacemaker, brain aneurysm clips, and some implanted metallic or electrical devices should not have an MRI. It is important that you inform the technologist if you have any of these metallic appliances. Please inform the technologist if you are pregnant or think that you may be pregnant.
3. Potential Risks: Anytime an injection is given there is the potential for bruising or swelling at the injection site. Occasionally, minor allergic reactions occur in the form of itching, sneezing, hives, swelling of the eyes, wheezing or nausea. These symptoms may require treatment with medication we have at hand. Rarely, a more serious reaction will occur. A radiologist will evaluate the situation and determine if additional medical treatment is necessary. Even though it is rare, medical statistics indicated that a fatality might occur from the injection of contrast. If you have had a reaction to a sickle cell anemia or kidney disorder, are pregnant or breast feeding, you MUST inform the technologist.
4. The benefit of this exam is to assist your physician with making a diagnosis. There may be other imaging alternatives, however your physician believes the MRI to be the best diagnostic test for you, after evaluating your symptoms and medical condition.

By my signature below, I hereby certify that I have fully read this consent, had it explained to me or have had it read to me. I have been given an opportunity to ask questions about my condition, alternative forms of treatment, and the procedures to be used, and the risks and hazards involved.
I understand its contents and have sufficient information to give this informed consent.

Health Information Exchange Authorization

ENVISION IMAGING participates in health information exchanges as described in the Texas Health Resources Health Information Exchange Patient's Frequently Asked Questions document which may be revised at any time.

A Health Information Exchange (HIE) is an organization that oversees and governs the exchange of health-related information among organizations according to nationally recognized standards. A Health Information Exchange is an electronic health information system that stores your patient health information from multiple healthcare providers participating in the HIEs. It allows your other health care providers to view your past health information for continued care and other uses included in the provider's Notice of Privacy Practices. Your information will be stored within the HIE system, but it will not be visible to or able to be used by providers unless you opt-in to participate.

I understand that my medical records are confidential and cannot be disclosed without my written authorization except when otherwise permitted or required by law. I understand that my medical information may include communicable disease information including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), records related to mental health treatment and alcohol and substance abuse diagnosis or treatment, and I authorize release of that information as part of my medical record. Providers will attempt to exclude clearly identified mental health and substance abuse health information from the HIEs; however some information may be included.

I authorize the above provider to disclose my medical information described above to the HIEs in which ENVISION IMAGING participates. Information used or disclosed pursuant to this authorization may be subject to re-disclosure by other providers and such information may no longer be protected.

I understand that treatment or payment cannot be conditioned on my signing this authorization. I understand that I may revoke this authorization in writing at any time except to the extent that action has been taken in reliance upon this authorization. I may submit a revocation request to the above provider for processing. This authorization will remain in effect indefinitely, unless I revoke it in writing.

The HIE is not able to manage restrictions on disclosure of your health information. A restriction is a request by the patient to not disclose certain information to certain people or companies. If the restriction is or was agreed to by us or other participating HIE healthcare providers, then you must elect to opt-out of the HIE in order to protect your restriction. This must be done at each HIE participating provider you visit.

I authorize release of my medical information to the Health Information Exchanges in which ENVISION IMAGING participates:

Please Initial your selection

_____Yes (Opt-In) **_____No (Opt-out)**

Acknowledgement:
I, the undersigned, certify that I have read and fully understand the information in this Health Information Exchange Authorization form. I understand that if I need to change any information I have provided on this form, I will notify a staff member promptly.
